DIGITAL DETOX

Unplug for a while and recharge your batteries in reality. Away from the screen, you might create a good amount of extra free time to meet up again in real life. Tip: try to persuade as many friends as possible to detox with you. It's ever so exciting then to see how you interact.

ALONE, FOR TWO (OR THREE)

THALIA really is for everyone. For those who like to daydream alone on a settee; or those who would rather keep each other company on the couch. Or for those who need a lot of space .To hang out with others comfortably. Or simply to stretch out nice and easy for a long time. Available in Uno, Duo or Longchair.

MAESTRO, MUSIC PLEASE

The soft bouclé fabric is just as easy to care for as other fabrics. Come on, admit it: that sounds like music to your ears.

CURVY APPEAL.

Caressable materials. Organic shapes. Soft lines. Elements all that beckon relaxation. And that's not all: taking a seat in a THALIA chair means sinking into pure comfort thanks to several layers of HR (high 24 resilience) or cold foam and NOSAG springs.

MUST READ. MUST SIT.

Reading a book is supposed to be relaxing. You will obviously need a good book, a quiet moment AND ... a nice place to immerse yourself completely in the story. Popping down in a comfortable THALIA chair will bring your body maximal (100%) rest.

SUSTAINABLE WOOD

Natural forms call for natural materials such as the serene wooden legs; or the wooden top that turns a pouf into a handy side table. Always with wood from sustainably managed European forests, needless to say.

PUT EACH OTHER ON THE AGENDA

Off to the movies again, out for dinner or over to the pub? Dating at home is just as cosy. Sit on the sofa with a nice cup of hot tea and tell each other stories about your relationship. About how you met. About what made you laugh... That gets the butterflies fluttering in any event.

FEET UP

Is this a footstool? An ottoman? Or a tuffet? It ultimately all boils down to the same thing: a piece of low occasional furniture that provides space for your feet, your coffee or an extra guest. Easy to move thanks to the handle in oak, beech or walnut.

MINIMALISM PREVAILS.

THALIA is all about minimalism. About the essentials. About what really matters in your life. Cutting out the superfluous to leave more room for peace, freedom, happiness and each other.

MULTIFUNCTIONAL

Without a wooden top, this footstool offers rest to tired legs, as well as an unexpected extra guest. Finished with a top in solid beech, oak or walnut, it becomes a pit stop for your magazines, houseplants, keys... or serves as an alternative nightstand.

CHILLING OUT WITH CREAKY RECORDS

Having trouble shaking off that busy work-ing day? Then putting your favourite vinyl records under the needle can help. You can then dream away to a lovely dash of music from the comfort of your listening chair. The ultimate zen moment in today's constantly hectic world.
